Day 1: Pemba / Ibo Island

Transfer by light aircraft over coral islands and turquoise waters **from Pemba to Ibo Island** and check in at the Ibo Island Lodge (own expense).

Ibo Island lies within the Quirimbas Archipelago, bursting with a history of Portuguese and Omani-Arab tradition, as well as Ibo Island Lodge. A magical destination with miles of coral and palm fringed coastline, Ibo Island Lodge is set on a prime waterfront site within walking distance of old historical Ibo town, where it feels like a place forgotten and time has stood still.

Three historic and characterful mansions, each over 100 years old, have been restored to their former glory and offer 14 individually designed rooms incorporating elements from the original architecture such as elegant pillars, meter thick coral and lime walls, lofty tall ceilings and solid teak beams. Simple, with splashes of opulence, the rooms are historical, sea or garden facing. All rooms boast en-suite bathrooms, air-conditioning, ceiling fans, enormous 4-poster beds, teak and mahogany furniture, iced water flask at turn down, morning tea and coffee and wide verandahs with soft cushions to soak up the atmosphere. At the heart of Ibo Lodge is the Bella Vista roof terrace restaurant with an open-air lounge area facing west for unforgettable sunsets and spectacular views. The lodge has two swimming pools set in tropical gardens, an air-conditioned lounge and private dining room.

This is an authentic island of intrigue and history and using the lodge as a base, guests may partake in a multitude of experiences or simply relax. Activities include the secret sand bank beach, guided historical and cultural tours, scuba diving, snorkelling, fishing, kayaking, traditional dhow sailing, the mangrove forest, and cultural and community interactive experiences, massage and romance. Ibo Lodge was built by the community who directly or indirectly benefit from a visit.

NOTE: Ibo Island Lodge does not have direct beach access. There is a considerable tidal range between low tide and high tide which means the sea at low tide could be a fair distance away from the lodge.
