UNIQUE NORTH KENYA LOCATION

A photograph of a sunset over a dark, silhouetted landscape. The sun is a bright yellow orb on the horizon, creating a starburst effect and casting a long, thin beam of light down towards the foreground. The sky is filled with dark, purple, and blue clouds, with some lighter patches where the sun's light breaks through. In the bottom right corner, a small, bright orange and yellow campfire is visible, providing a point of contrast against the dark foreground. The overall mood is serene and contemplative.

'The edges of the real landscape became one with the edges of something I had dreamed' Barry Lopez

A person wearing a red hat and a colorful beaded bracelet is holding a spear with a large, pointed wooden tip. The background shows a savanna landscape with a herd of elephants grazing in a field of green bushes and trees. A large, flat-topped hill is visible in the distance under a clear sky.

'Our family came away with a lifetime of memories.
Whether it was learning to play mbao with Maasai warriors,
bathing by lanterns with elephants serenading on the opposite
river bank...swimming and floating in the river, or absorbing
a beautiful sunset on a remote rock with a camp fire.'

Julie McIntosh (Classic Safari Company - Australia)

'Thank you for sharing this very special paradise, this is a place for the soul.'

Ellen Spielenberger (Bush Legends - Germany)

'I believe that day implanted in me
a life long craving for barbaric splendor,
for savagery and colour and the throb of drums,
and that it gave me a lasting veneration
for long established custom and ritual,
from which would deprive a deep-seated resentment
of Western innovations in other lands,
and a distaste for the drab uniformity of the modern world'

Wilfred Thesiger 'A life of my Choice'
